A GLOBAL COMPANY

—
From Italian
tradition
to international
vocation.

01

OUR HISTORY

Ours is a story of passion for marine solutions, fostered by strong commitment and extensive experience in designing, creating, supplying and monitoring our made in Italy custom-made naval systems.

Navim Group is a global brand of excellence in the engineering, construction and commissioning of marine equipment for passengers and merchant ships, navy, offshore and mega yachts.

Sailed from Genova (Italy) in 1971, Navim Group has successfully navigated the waves of the changing

marine market and, over the years, has reached a global success. Today Navim is an international leading company in the naval sector, headquartered in Italy and headed by its 3 main business units, **Navalimpianti Spa**, **Tecnimpianti Spa** and **Navalimpianti Usa**, together with its strategic subsidiaries located worldwide.

OUR BRANCHES

Navim is everywhere
in the world.

The Group is able to offer commercial, technical and service support all over the world. It has 13 branches based in **8 countries (Italy, Croatia, USA, China, Belgium, Dubai, Singapore and Romania)** and works worldwide with the best Shipyards for the top Shipowners.

In addition to this, as a valuable support to Navim's business, the Group can count on a **24 hours-active service network** promptly operating worldwide, able to act anytime and anywhere.

VALUES AND PHILOSOPHY

—
Our values
have made
our worldwide
growth possible.

02

At the forefront in the engineering of naval systems.

Moved by an extraordinary capability to diversify the products offering and anticipate the ever-changing demands of the market, Navim has strengthened its position as an industry leader in the design and production of efficient solutions for the naval sector.

Our “plus” is the **consistent technology** combined with the innovative design systems powered by our engineering department, with over 100 Navim engineers working constantly to improve efficiency. It is where every process starts, where concepts and ideas are designed and shaped to become real products.

With all their expertise and a smart use of resources, our engineers focus on the target and translate each customer’s need into **customer-driven products**, every time different and specifically conceived.

“At Navim, we combine quality,
efficiency and reliability with
a dynamic vision of the future.”

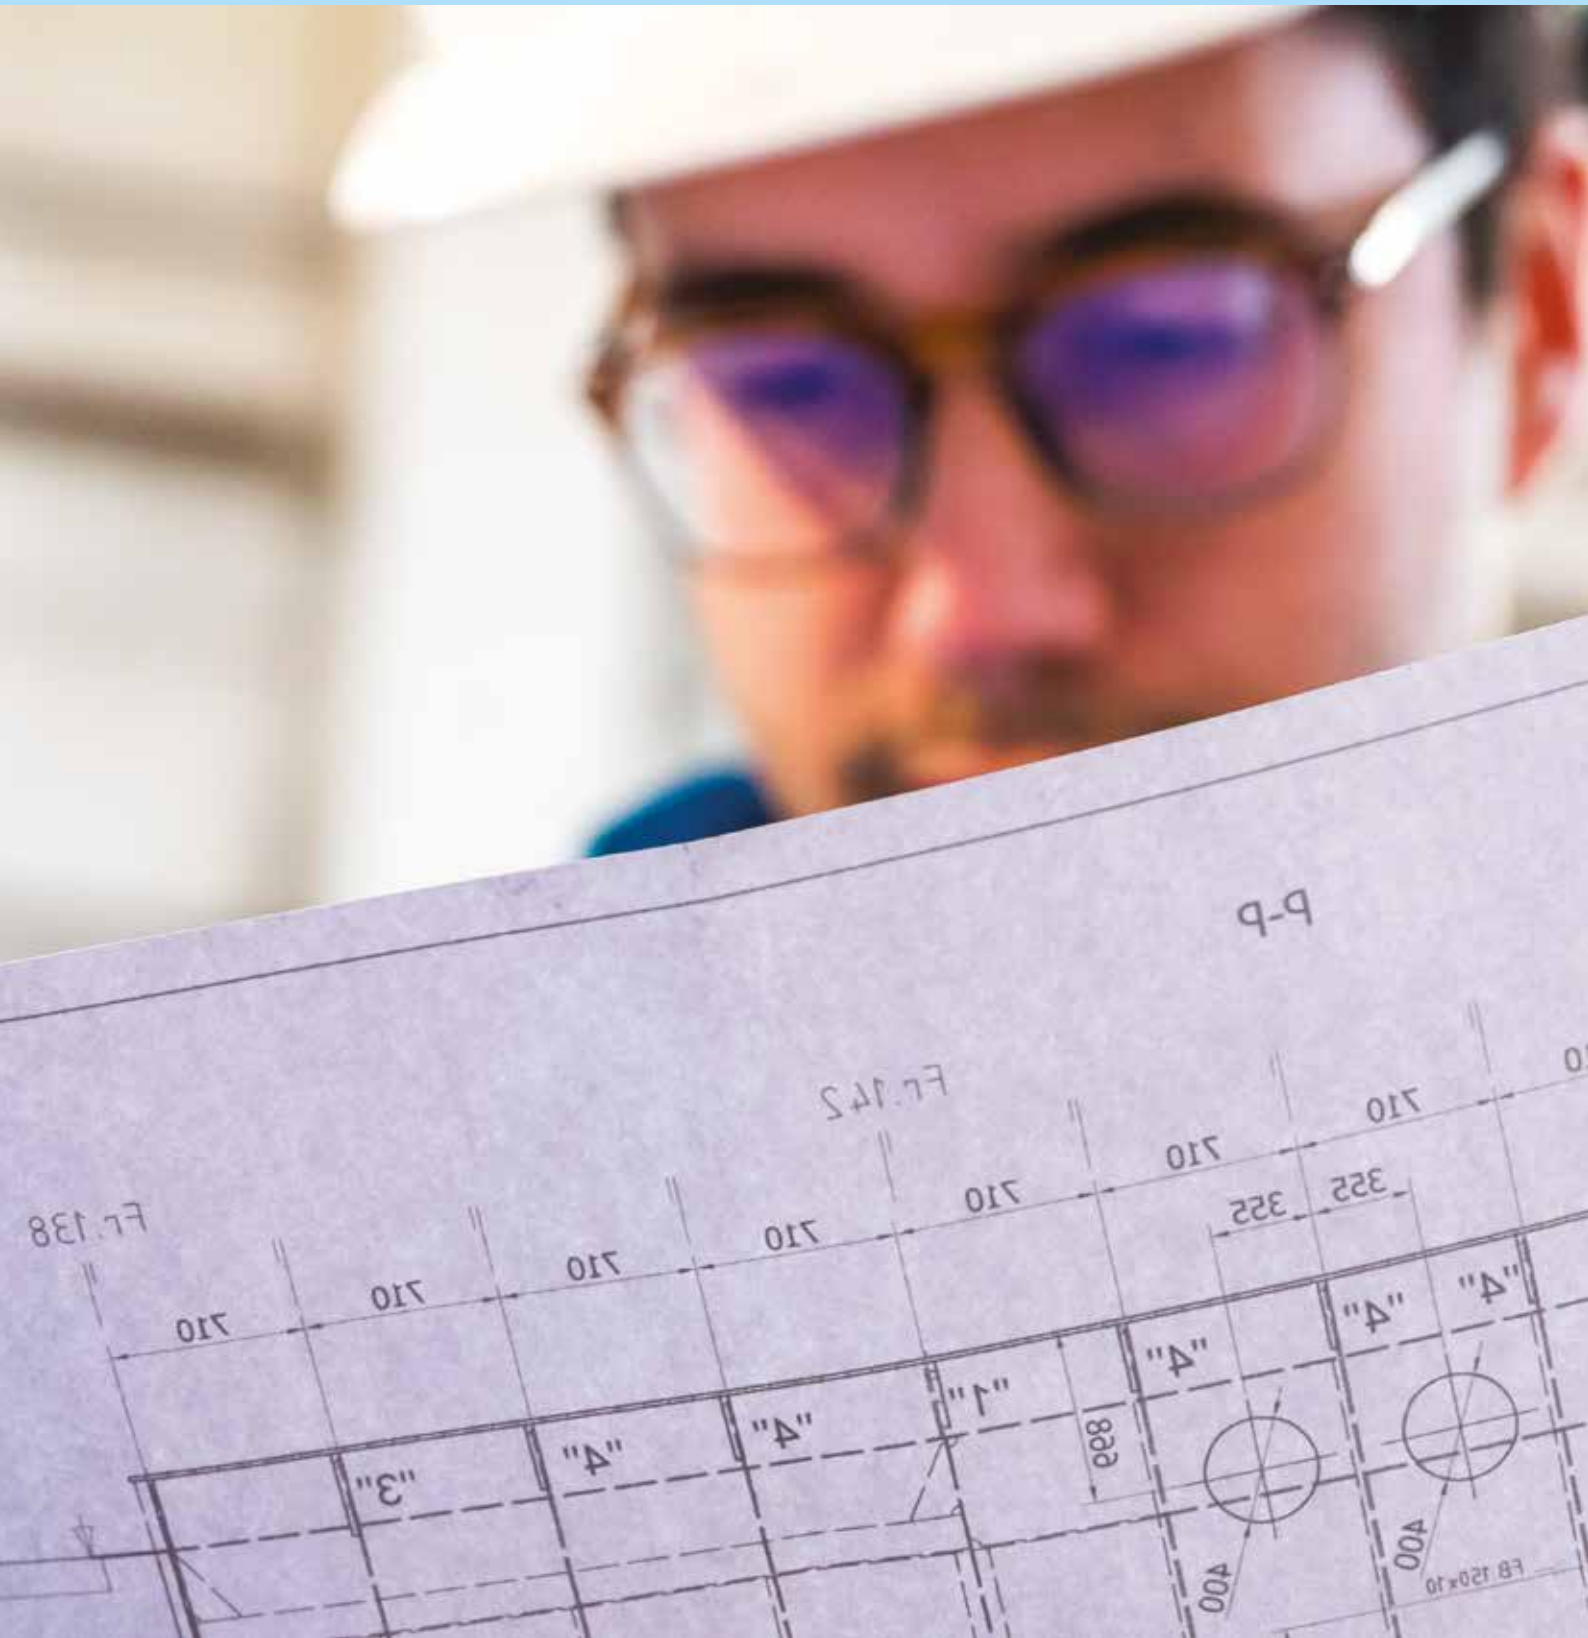

The human factor
is our main value.

When it comes to people,
no compromise is acceptable
concerning respect and safety.
At Navim, **people respect people**.
It means that we believe in a
problem solving approach based
on team work and collaboration.

Furthermore, we foster
improvements in health and
safety at work, also by offering
intensive training to guarantee
the highest form of safety.

“The greatest satisfaction is that of being internationally recognized as an efficient and reliable company, both from an ethical and from a technical point of view.”

Giuseppe Cracolici, NAVIM GROUP CEO

Performing excellence.

To guarantee products of excellence, **being efficient** is the first step. Our passionate and motivated engineers design sophisticated naval systems with a professional approach and a profound technical knowledge. Our well-prepared and experienced personnel are ready to intervene everywhere in the world. With our 24/h-network service spread worldwide we are always available and ready to operate.

Navim is a Group you can trust.

Reliability goes hand in hand with **work ethic**, and these values affect positively our efficiency. Thanks to the strong ethical values at the base of Navim entrepreneurial action, our company is highly appreciated on a global scale.

The power of innovation to conquer new frontiers.

An **innovative spirit** is necessary to be competitive, and a **brave attitude** is necessary to conquer new frontiers. Since the very beginning, Navim founders have been driven by the courage to challenge the ever-demanding marine industry with new solutions. Step by step, we have moved forward to serve the customers and fulfill their needs, with the same courage of our founders and with a dynamic vision of the future.

We believe in innovation and technology and always invest in these segments, that are a constant of our services.

Our DNA is made in Italy.

An Italian heart is beating in our systems.

Italy is where our story began and where Navim HQs are based still today. We have left the Italian coasts and crossed the oceans in search of solutions aimed at making the life in the sea easier and safer. Every time we reach one target, we set a new one in order to always improve our services and perform efficiency worldwide.

What remains a constant value in our global story is our made in Italy DNA, guarantee of excellence and quality for our design and production.

Building solid relationships.

The Group's main competitive strength is represented by the close relationships established with customers, suppliers and stakeholders at a local, national and international level.

We like to think that our flexibility and our ability to listen to customer's needs have favoured these relationships, mainly based on the reliability that the Group has shown over the years.

OUR PRODUCTS

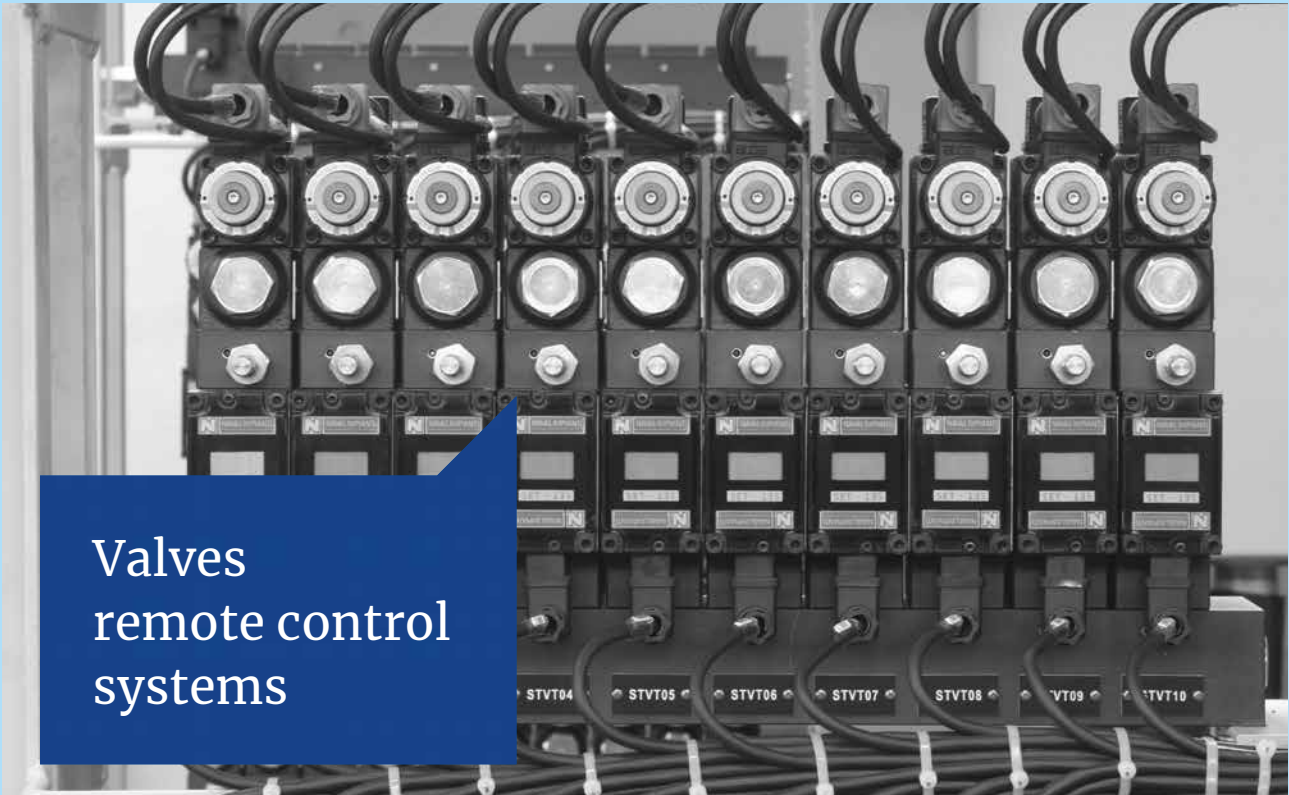

—
We design
and create.
We supply
and maintain.

Turnkey Systems.
From idea to design
to post delivery service.

The Group assists Shipowners, Shipyards and Customers with timely, innovative and cost effective solutions.

With their expertise, our experienced engineers focus their energy to develop a complete range of value-creating solutions, from feasibility studies and conceptual design to complete “turnkey” systems, as well as a range of customized services throughout the operational life of the ship.

OUR SERVICES

We care for
our customers.
Everywhere
in the world,
24/7.

After sales service, availability & prompt solutions.

In case you need help, our personnel are prepared to solve any problem, at any time, everywhere in the world. Navim Group offers to Owners availability of service engineers and specialized working teams to reduce intervention time and increase ship systems availability. Our personnel provide a prompt answer to every after sale customer's need. After sales service, retrofitting and spare parts centers are operative 24/7 worldwide.

Global services maintenance and inspections.

One of the strengths of Navim is the **maintenance service** to the Owners for **repair** and **retrofit**, a very much appreciated service because it provides assistance at any time in any port, with highly qualified personnel and prompt solutions, even at sea and in limited time, to complex technical problems.

Navim offers periodic inspections, maintenance, testing and refitting on equipment and systems on board all ships types, in compliance with the latest regulations. A constant **systems performance evaluation** is also guaranteed.

Training and upgrading.

To make sure that our products maintain the highest performance during their operational life, we provide our customers with a special training on how to use and check-up constantly the systems and the equipment we supply. Our products are constantly upgraded in order to offer optimal solutions in accordance to Shipyards, Owners and Certification Societies.
